Glenn Grothman is the Republican candidate we need in the 6th District. Glenn has authored numerous bills signed by Gov. Walker, he was the lead senator in pushing the Walker tax cuts through the Senate, which gave almost \$1 billion in tax relief to Wisconsin taxpayers.

He authored the Manufacturing and Agriculture Tax Credit, which will directly help the 6th District. The bill makes Wisconsin more competitive for these jobs and will help keep companies and jobs here in the state as well as attract new companies; the 6th district

has more manufacturing jobs than any congressional district in the nation.

Pro-life issues are extremely important to Glenn. He has been named Wisconsin Right to Life and Pro Life Wisconsin Legislator of the Year. Glenn called for a tuition freeze for UW schools *before* the huge surplus was uncovered – he is in touch with the citizens and their needs and aware of potential issues. He was a co-sponsor with Leah Vukmir to curb Common Core in Wisconsin, and introduced a bill to vastly limit the SIS (School Information System) for all schools. Sen. Leibham only co-sponsored this bill after he received criticism for voting for SIS funding.

I encourage you to join me in voting for Glenn Grothman, who boldly challenged Congressman Tom Petri when there was dissatisfaction with Petri, rather than sitting back with the establishment and waiting until it was “someone else’s turn” for the U.S. House position. I encourage you to vote Aug. 12 for Glenn Grothmann for 6th District U.S. Congress.
