Message from the Chairman

In 1826, Thomas Jefferson was invited to Washington DC for the fiftieth anniversary of the signing of the Declaration of Independence. In the last letter he ever wrote Jefferson declined the invitation due to illness and said "May it be to the world, what I believe it will be ... the signal of arousing men to burst the chains...and to assume the blessings and security of self-government. That form, which we have substituted, restores the free right to the unbounded exercise of reason and freedom of opinion. All eyes are opened, or opening, the rights of man. ...For ourselves, let the annual return of this day forever refresh our recollections of these rights, and an undiminished devotion to them." Sadly, both Thomas Jefferson and John Adams died on July 4th, 1826.

While cookouts, vacation, fireworks, parades, and picnics are fun, let us not forget what this day means, how it came to be and why it continues to be important today. The men who built this country risked their lives plus spent considerable energy and time pursuing an ideal the world had never seen. As we lose freedom after freedom and step closer and closer to a nation governed by a President who acts like a king creating new ways to control us all, Americans are losing hope, care and belief that this is, in fact, their country. The Republican Party has always honored the idea of freedom; in fact, party roots were originally driven by the anti-slavery movement. We are the party of freedom. While the Founding Fathers of this great nation would be disappointed with the neglect we show to that for which they risked so much, I believe they would be pleased with the Republican Party and its ideals and principles. Thankfully, we do not need to risk as much as our Founding Fathers but let's ensure we do not take for granted that which they risked for us.

Keep fighting the good fight,

Collin Braunel, Chairman
Manitowoc GOP

Thank you, Governor Walker, for taking time from your busy schedule to visit Manitowoc GOP headquarters. We are very excited to be selected as a new field office for the Republican Party of Wisconsin.

The most powerful impact on persuadable voters is having someone they know and trust vouch for a candidate. The Community Captains Program is a common-sense approach; it's campaigning as it was meant to be. It's grassroots organization and word of mouth to get voters to the polls. What can you do to help keep moving Wisconsin forward? How about:

- ⇒ Talk to family, friends and neighbors
- ⇒ Walk in a parade
- ⇒ Write a letter to the editor
- ⇒ Volunteer at headquarters and/or the county fair
- ⇒ Be an election observer

At the Reedsville parade, we had six people there. In contrast, the Democratic candidate for state senate had FOURTEEN people. It might not seem like much but walking in a parade shows our community involvement and gives us an opportunity to promote our Republican candidates. It's also an opportunity to create good PR for the Manitowoc GOP. Please, please help us! Victory in 2014 begins with you — and these small things really make a big difference.
