Demystifying the So-Called Structural Deficit

The so-called structural deficit projects revenue through June 30, 2017. A lot will happen between now and then, including the passage of a new budget. No public or private company would forecast a budget 3 years out and not assume any changes in revenues or expenses.

Some of the confusion and forward projections are affected by the fact a portion of the surplus is being returned to the taxpayers who put it there in the first place. In the private sector, this is called a return of equity - not an expense or lost revenue! For example, if GE is predicting a year with zero net income but still pays out \$1 billion in dividends because it has excessive cash, its net income does not become a net loss of \$1 billion; its income remains flat. In politics, some do not view it that way and they call a return of surplus taxpayer money an expense. This is an important distinction in the private sector but not understood in government because it is not in some politicians' best interests.

The most powerful impact on persuadable voters is having someone they know and trust vouch for a candidate. The Community Captains Program is a common-sense approach; it's campaigning as it was meant to be. It's grassroots organization and word of mouth to get voters to the polls. What can you do to help keep moving Wisconsin forward? How about:

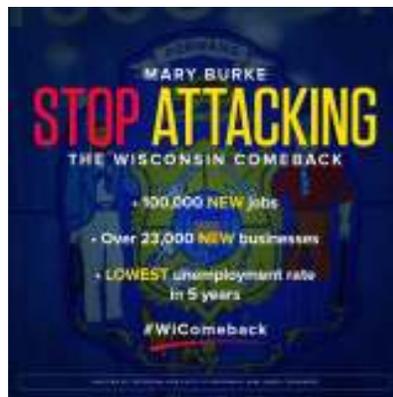

- ⇒ Talk to family, friends and neighbors
- ⇒ Knock on doors
- ⇒ Write a letter to the editor
- ⇒ Volunteer at headquarters
- ⇒ Be an election observer

The League of Women Voters will hold a free event regarding GAB updates pertaining to elections on Sept 18 at 7p at Manitowoc City Hall. Topics include the status of photo ID, the proof of residence requirements, rules for election observers, and changes in the in-person absentee hours and voting in nursing homes and adult care facilities. The controversial ballot changes may or may not be discussed, too.

*"We built this great Nation, built it to surpass the highest standards ever imagined, through the hard work of our people."
- Ronald Reagan*

Thank you, Manitowoc GOP members Shirley Jarvis, Harold and Gloria Trainor plus Eric Volcheff for taking time to write letters to the editor. This is a great way to help us win victory in November. Don't think you can write a letter? We can help! Just give us a call, send us a message or stop by headquarters and we'll help you. The latest Marquette Law School poll shows the gubernatorial race remains tied so everything you do helps. In the past three months, 14 Manitowoc GOP members have written letters to the editor. Victory in 2014 begins with you!

ELECTION 2014

Help us get absentee voter applications to people who don't vote often or at all. If each member got 3 people who don't vote often to complete absentee ballots, it triples our vote. If you know the person's *entire* birth date, you can find if the person is a frequent voter by checking www.vpa.wi.gov. If not, you can go to www.ritewi.org, sign up and obtain a fillable PDF for an absentee ballot request. All you do is complete the form and take it to the person to sign. You could even address and stamp the envelope for the respective clerk's office to make it easier for the person. If you don't wish to sign in to ritewi.org, absentee ballot requests with instructions are available at Manitowoc GOP headquarters, 1112 Washington Street during regular hours: Monday and Wednesday 2-6, Saturday 9-1.

Please check your relatives' and friends' voting status. This applies to all elections. We should be encouraging conservatives to vote and providing the tools to do so, particularly if they don't want to go to the polls.

The **application** must be received by the clerk no later than 5:00 pm on the Thursday before the election in order for an absentee ballot to be mailed.

The **completed ballot** must either be delivered to the clerk no later than Election Day or postmarked no later than Election Day. It must be received by the municipal clerk no later than 4 p.m. on the Friday after the election.

I would be glad to answer any questions - I hope you are able to find voters for the upcoming elections.
