# Letter: Grothman will provide needed change

State Sen. Glenn Grothman

The voters will have to make a choice in the August primary. If you like the way the federal government is running things, you should vote for Rep. Tom Petri. Mr. Petri will give you the same lack of action he has provided over the past 35 years.

Unfortunately he does not seem to be concerned enough about debt, increased regulation, or infringements on liberty to take action. You can expect him to go with the flow and simply accommodate others. If you are unhappy with the current government, you need to vote for State Sen. Glenn Grothman. Grothman has a bias towards action and accomplishment.

His work on fiscal responsibility, tort reform and entitlement reform demonstrate his leadership abilities. He is considered an "activist" by his peers. I'm sure Mr. Petri was a good representative in the 1970s and

1980s. Today, I think we need some new blood. While it is difficult for one representative to turn the tide in Washington, we need to start sometime. I believe that time is August, and that man is Grothman.
